

PROGRAM

Time	Day 1 – 05 th Sep 2024 (Thu)	Day 2 – 06 th Sep 2024 (Fri)	Location
0930 am	Registration		#01-06
1000 am	Welcome Address by SAMTA President Mr Raymond Wee, PBM	Welcome Address by Hurco SEA General Manager Mr Lee Wai Yip	#05 -15 Training Room
1010 am	Shopfloor Automation That Makes Sense <i>Hurco (S.E. Asia) Pte Ltd</i>	Digital Twin! Are you ready for it? <i>Advent2 Labs</i>	
1035 am	Discover SEPRO's Smart Automation and Modular Robotics Solutions <i>SEPRO Singapore</i>	Revolutionizing Tooling Production & Surface Processing <i>Creatz3D Pte Ltd</i>	
1100 am	Solar Power Purchase Agreement (PPA) and Corporate Sustainability Goals <i>Saxon Renewables Pte Ltd</i>	Collaborative Automation by Universal Robots <i>Universal Robots Division Teradyne (Asia) Pte Ltd</i>	
1125 am	Business and Workforce Transformation through Company Training Committee <i>NTUC</i>		
	NYP360 for Advanced Manufacturing & Sustainability <i>Nanyang Polytechnic</i>		
1200 pm	<i>Automation Demo 1: SEPRO- Can you win the robot automation challenge?</i>		#05-15 Showroom
1220 pm	<i>Automation Demo 2: Hurco Automated Machine Tending Cell</i>		
1240 pm	Lunch Bento SAMTA Members Demo & Exhibits		#01-05
0130 pm	<i>Automation Demo 3: Hurco ProCobots Shopfloor Automation with VMX30UDi 5-axis machine</i>		#01-06
0150 pm	<i>Automation Demo 4: UR- Maximizing the usability of collaborative robots in machine tending</i>		
0210 pm	<i>Automation Demo 5: SCHUNK - iTENDO² The Intelligent way to an optimized process</i>		
0230 pm	<i>Digitalization Demo 6: Shonan Artec 3D Scanner</i>		#01-05
0330 pm	End of Event		

EVENT HIGHLIGHTS

SAMTA Members	
Advent2 Labs	FlexSim Simulation Software - Interaction through Virtual Reality to ensure stakeholder experience of the to-be implementation.
Creatz3D Pte Ltd	Customized jigs & fixtures with industrial-grade 3D printing Reduce >80% metal part roughness consistently with DRY electro polishing
Hurco (S.E Asia) Pte Ltd	Hurco ProCobots Shopfloor Automation Solution with VMX30UDi 5-axis machine Hurco Automated Machine Tending cell (1 robot to 2 CNC machines) with Live machining Demo
Salestrade Corporation (S) Pte Ltd	Wireless Radio Control & Data Transmission Systems, Electrical Controls, Switches & Sensors Intelligent Industrial Safety Fencing Systems
Saxon Renewables Pte Ltd	Discover how Solar PPAs can reduce energy costs for your company without impacting cash flow Learn how integrating solar energy promotes sustainability and boosts business competitiveness
SEPRO Singapore	Innovate through automation: Where molding meets magic
SCHUNK Intec Pte Ltd	Tooling with sensitive Awareness, iTENDO ² makes the difference
Shonan Design (S) Pte Ltd	Reverse Engineering/ Inspection with Artec 3D scanning.
Universal Robots Division Teradyne (Asia) Pte Ltd	The UR5e is our light payload collaborative robot for application that just need sufficient reach and payload. • Increased Efficiency • Consistent Quality • Ease of use
